Subject: Librarians and the Social Studies Content Standards

Importance: High

Follow Up Flag: Follow up

Flag Status: Red

As written in the rural library grant, we are expected to offer professional development for your librarians and/or aides. As a service to our ESA, we open this opportunity to any of your librarians and library aides.

The Third professional development workshop will begin at 9:00 AM at Mid Central Educational Cooperative on Thursday, January 18. **The primary objective of this workshop is to become familiar with social standards for fourth, fifth, and sixth grade and to examine the online databases provided by the State Library as they relate to these standards.** Librarians and aides are welcome to attend this workshop. This in-service will be presented by Kathleen West of ESA 3 and Julie Erickson the Electronic Services Coordinator for the South Dakota State Library. Lunch will be provided.

Please have your librarian contact karen.peters@k12.sd.us as soon as possible to let us know a head count for materials and lunch.
