Subject: Librarian/Media Specialist Professional Development

Importance: High

As written in the grant, we are expected to offer professional development for your librarians and/or aides. The first of these required workshops will take place at MCEC on November 2 from 9AM - 3PM. Those individuals who are working the additional access hours for your grant need to attend with the librarians/aides. We will pay mileage for one school vehicle and lodging for those who live more than 150 miles away from Platte. Lunch will be provided. This in-service will be presented by Julie Erickson the Electronic Services Coordinator for the South Dakota State Library. She will be explaining the new electronic data services of the state library. Please go to the Region 3 ESA events web site to register your participants. Thanks,

Dr. Sylvia J. Street
Region 3 ESA Project Director
